

Pace®

Floor Cleaning System with Microfiber Pads

An efficient, versatile cleaning tool that can be used in busy areas or to manage infection control.

Simple and Safe

- Color-coded chemical bottles
- Uses less water, which reduces the slip/fall risk
- Spray nozzles ensure chemical goes on floors and not walls and furniture

Efficient

- Clean twice as fast as mop and bucket
- Use up to 90% less water and reduce chemical waste up to 81%

Ergonomic

- Lighter, easier to use
- Much more maneuverable than a traditional mop and bucket system

Flexible

- Use for damp, wet or disinfection and dry mopping
- Meets the needs of day porter, building service and infection control cleaning operations
