

Radiance

Lo-Temp Rinse Aid

Low Temp Rinse Additive

DESCRIPTION

This odorless liquid concentrate is added to the final rinse water in a dishwashing machine by rinse injector. Formulated for use under a variety of conditions, it also works well in conjunction with most automatic dispensing equipment. This product reduces the surface tension of water, so that instead of spotting the water runs off, leaving dishware dry and clean.

DIRECTIONS

FOR BEST RESULTS: Follow the equipment manufacturer's instructions for injecting into your dish machine. Use requirements will vary depending on type of machine. As a starting point, use 0.5 oz. of product per 10 gallons of water.

APPLICATIONS

- Increase rinse efficiency by eliminating spots
- For use with automatic dispensing equipment
- Recommended for low temperature machines

BENEFITS

- Highly concentrated
- Easily dispensed
- Low viscosity liquid
- Effective in all water conditions

SPECIFICATIONS

Color.....Blue
Fragrance.....None
pH Range.....7.5 - 8.0
Dilution.....0.5 oz./10 gal.
Density.....8.35

PACKAGING

ITEM #.....SIZE
10079959.....4/1 gal.
10079956.....5 gal.

MADE IN U.S.A. | HECHO EN EEUU.
