

Product Name: **WINDSHIELD WASHER SOLVENT**

Last Update: July 5, 2005

MATERIAL SAFETY DATA SHEET (Prepared according to 29 CFR 1910.1200)

SECTION I - Manufacturer's Name

Montgomery Manufacturing Co., 118 Industrial Ct., Kennedale TX 76060.

Information: +1 817-478-3221. Toll free US & Canada: 800-234-0088.

Emergency: InfoTrac, +1 352-323-3500. Toll free US & Canada: 800-535-5053.

SECTION II - Hazardous Ingredients

A proprietary blend of surfactants (trade secret), including: Methanol, CAS No. 67-56-1, OSHA PEL 200 ppm, ACGIH TVL 200 ppm; Isopropyl Alcohol, CAS No. 67-63-0, OSHA PEL 400 ppm, ACGIH TVL 400 ppm.

SECTION III - Physical Data

Boiling Point: N/D. Specific Gravity ($H_2O = 1.0$): N/D. Solubility in Water: Complete. pH: N/D. Vapor density (Air = 1.0): N/D. Evaporation rate (vs. H_2O): N/D. Appearance and Odor: Clear to blue liquid with alcohol odor.

SECTION IV - Fire and Explosion Hazard Data

Flash Point: Isopropyl Alcohol, 53°F closed cup; Methanol, 54°F closed cup. Flammable Limits: N/D. Extinguishing Media: Use media suitable to surrounding fire. Special Firefighting Procedures: Normal protective clothing. Self contained breathing apparatus should be provided to firefighters in confined spaces. Unusual Fire and Explosion Hazards: None known.

SECTION V - Reactive Data

Stability: Stable. Incompatibility: Avoid exposure to heat, sparks, flame, or strong oxidizing agents. Hazardous Decomposition Products: Carbon monoxide and carbon dioxide during incomplete combustion.

SECTION VI - Health Hazard Data

Eyes: High vapor concentration may cause irritation. Liquid may cause severe irritation and corneal burns. Skin: Excessive contact with liquid may cause irritation. Skin absorption may contribute to overall exposure. Oral: May cause headache, dizziness, weakness, euphoria, drowsiness, shortness of breath, vomiting, incoordination, blindness, death. Inhalation: Excessive inhalation of vapors can cause respiratory tract irritation, nausea, shortness of breath, and headache. Health Hazards - Chronic: Repeated excessive skin contact with liquid may cause defatting, cracking, and dermatitis. Persons with pre-existing skin disorders may be more susceptible. Medical Conditions Aggravated by Exposure: None known. Carcinogen or Suspected Carcinogen Ingredients: NTP: None. IARC: None. OSHA: None.

SECTION VII - Emergency and First Aid Procedures

Eyes: Flush with water. If irritation persists, seek medical attention. Skin: Wash thoroughly with soap and water. If irritation persists, seek medical attention. Ingestion: If conscious, immediately give two glasses of water, induce vomiting, and seek medical attention. Never give anything by mouth to an unconscious person. Effects may be delayed. Medical observation is indicated. Inhalation: Get to fresh air. Administer oxygen or artificial respiration if needed. If irritation persists, seek medical attention.

SECTION VIII - Special Protection Information

Respiratory Protection: None in typical conditions. Mechanical: Where mists are generated. Protective Gloves: Rubber or neoprene gloves for prolonged contact. Eye protection: Chemical goggles. Other Protective Clothing: Standard work clothing. Wash contaminated articles before reuse.

SECTION IX - Spill or Leak Procedure

Steps to Be Taken if Spilled or Released: Contain spill. Absorb liquids with inert material, sweep up and place in a container. Material may be slippery. Waste Disposal Methods: Dispose of according to all local, state and federal regulations. Rinse container before discarding.

SECTION X - Storage and Handling Information

Protect from freezing. Keep container closed when not in use. Do not reuse container.
